

The U.S. Army Combat Capabilities Development Command (DEVCOM) leads in the discovery, development and delivery of technology-based capabilities to enable Soldiers to win our nation's wars and come home safely. DEVCOM is a major subordinate command of the U.S. Army Futures Command. The DEVCOM Chemical Biological Center is the Army's principal research and development center for chemical and biological defense technology, engineering and field operations. The DEVCOM Chemical Biological Center is headquartered at Aberdeen Proving Ground, Maryland.

## CBC Inducts Late Deputy Director of Engineering into Hall of Fame

*By Jerilyn Coleman*

The U.S. Army's Combat Capabilities Development Command Chemical Biological Center posthumously inducted William C. Klein into the Center's Hall of Fame. Center Director Dr. Eric L. Moore adds Klein's name and photo to the Hall of Fame display.

**Aberdeen Proving Ground, MD** -- The U.S. Army's Combat Capabilities Development Command Chemical Biological Center (DEVCOM CBC) posthumously inducted William C. Klein into the Center's Hall of Fame July 14.

The CBC Hall of Fame is designed to recognize and preserve the rich history of the organization. "It is a place where we honor the achievements of our most illustrious and outstanding individuals, and Bill is most certainly worthy of being counted among that number," said DEVCOM CBC Director Dr. Eric L. Moore.

Klein was also honored with the dedication of the Berger Building auditorium, which will now be known as the William C. Klein Auditorium.

Klein served as deputy or associate director of engineering at DEVCOM CBC for 25 years across several organization name changes and at least 12 directors both acting and permanent. He managed more than 500 members of the Center workforce and provided leadership in efforts to design, build, test and support the acquisition and

sustainment of chemical biological defense systems. Klein died suddenly on Feb. 25, 2020.

"Bill was a friend to everyone. He was patriotic and a dedicated civil servant. He was known as a trusted advisor, confidante and leader. He loved the people of this organization," Moore said. "It is a great honor to announce Bill's induction to the CBC Hall of Fame."

Klein was a champion of many CBC workforce programs such as Women in Leadership,

DEVCOM CBC Director Dr. Eric L. Moore, various Center leaders and the family of William C. Klein gather for his induction into the DEVCOM CBC Hall of Fame and for the ribbon cutting of the auditorium named in his honor.

Klein's sons, Justin Klein (far left) and Jonathan Klein (center left); daughter, Jennifer Klein (center right); wife, Taryn Klein (far right); father, Charles Klein (center); and grandchildren join DEVCOM CBC for the Hall of Fame induction and auditorium dedication.

Black Engineer of the Year, Balanced Scorecard, Seal of Excellence, Fit-to-Win, APG Cohort, and Workforce Engagement Teams. He made significant contributions within individual protection, collective protection and chemical detection across development, production and sustainment. He was also awarded the Special Award for Distinguished Service from the Executive Office of the White House and was inducted into the Chemical Corps Regimental Association Honorary Order of the Dragon. His leadership and contributions throughout his career helped to drive the evolution of chemical and biological defense within the DoD and the nation.

"This means everything to my family," said Klein's son, Justin Klein. "The Chemical Biological Center was just as important to my dad as his actual family. Everything he did was for CBC."
